Projects

Lead Finder (AI Lead Agent)

In progress

- Finds Montreal hair and beauty businesses without a website: 2,800+ checked on Google Maps, ranked by a rule-based 0–100 score.
- Uses Claude to research each lead and draft a unique bilingual demo site, which a person reviews before anything is sent.

WhatsApp AI Agent

In progress

- WhatsApp assistant for small businesses that answers customers, books appointments, and hands the chat to a person.
- Claude checks availability and books through tool calls; the booking tools refuse overlapping time slots.
